SINN FEIN DEMAND RELEASE OF ALL IRISH PRISONERS

Request for Prisoners' Release Threatened Smooth Progress of Irish Peace Conference.

PREMIER OUTLINES NEW DIFFICULTIES TO KING

So Serious is Crisis That Upon Britain's Answer Depends Fate of Peace Parley.

LONDON, Oct. 13.—(U. P.)—The Sinn Fein delegates demand that all interned Irish prisoners be released today, threatened the smooth progress of the conference concerning Irish peace. British and Sinn Fein delegates adjourned after meeting for slightly over an hour and will meet again tomorrow at 11 o'clock. The Sinn Fein demand portends so serious a crisis that Premier Lloyd George visited King George to outline the new difficulties. Upon the British answer to this demand depends the conference's fate.

With the conference popularly considered as offering the last chances of a peaceful settlement of the Irish question, the Sinn Fein demand came as a bombshell to disturb the optimistic atmosphere created when the conference first opened. It is understood today that the Sinn Fein demand had been made the first day of the conference's meeting, but the public had been kept ignorant. Lloyd George's visit to the king is significant, as it was understood the premier informed his majesty that the turn of affairs had taken more serious advice necessary. Another significant occurrence of today was the British cabinet's secret meeting which delayed the opening of the formal conference for over an hour.

UNEMPLOYMENT MEETING SPLIT TODAY ON THE QUESTION OF WAGE CUT

Split Came When Member Declared Wages Must Come Down Hand in Hand With P

WASHINGTON, Oct. 13.—(U. P.)—The national unemployment conference today split wide open on the question of recommending wage cuts. The split came when an employer member of the conference presented a statement declaring wages must come down hand in hand with prices.

Conference Adjourns.
When it appeared that a serious row would result from the discussion of the wage reduction question, the conference adjourned to meet on a call from Secretary Hoover.

BIG ATTRACTION WILL COME DURING DECEMBER

Melvin G. Winstock returned to the city yesterday and made a deal with Manager Guy Matlock for the forthcoming exhibition of Metro's great super production, "The Four Horsemen of the Apocalypse." The dates set are December 27, 28 and 29. He made the following statement concerning the picture:

"Mr. Matlock is delighted at the idea of being able to present this picture to the people of Pendleton. It is not a mere press agent's dream to say that this is one of the big things of the photodramatic world. Not only do trade journals account it big and stupendous but papers like the Literary Digest and Life acclaim it as overwhelming and powerful. Rex Ingram, the director, leaped into instant fame through his work in it and Yale college conferred on him the degree of bachelor of arts in recognition of his service to dramatic art. The story is intensely dramatic and thrilling and has a universal appeal. The book has been read by millions. The battle over the right to present it at Portland has added to the deep interest of the public."

SENATOR PHILANDER C. KNOX WILL BE BURIED TOMORROW

WASHINGTON, Oct. 13.—(U. P.)—All official Washington is prepared to attend the funeral services of Senator Knox tomorrow morning. The senate will adjourn upon convening and appoint, with the house, a joint committee to have charge of the funeral. Senator Knox will be buried near his home at Valley Forge, Pa. He died suddenly from paralysis last evening.

NATATORIUM IMPROVEMENT WILL BE LEFT TO THE VOTERS TO DECIDE IN ELECTION; PROPOSE CHARTER CHANGES

Whether the city of Pendleton shall spend the money needed to enclose and heat the natatorium will be decided by the voters in the special election of November 21. This decision was made by the city council last night following Councilman Richard Lawrence's introduction of his scheme before the members. The vote in favor of putting the question up to the voters was unanimous.

The bond issue required for the further improvement of the natatorium will be \$20,000, it developed at last night's meeting. Estimates on the actual building which have been secured by the chairman of the natatorium committee would call for an expenditure of approximately \$18,000, and the provision will be made that the bonds are to be issued only as needed, if the voters favor the improvement.

Councilman Lawrence has championed the cause of an improved natatorium ever since certain burning remarks were passed his way by bathers during the swimming season. The water in the pool was cool the greater part of the time, he declares, and he expressed the opinion that it would require only a few years until the improvement would pay off in the increased use of the bath.

The city planning commission at its recent meeting referred the question of this improvement to the city council. Dr. W. D. McNary opposed the warm water pool on the ground that it would prove a menace to public health. Councilman Lawrence last night took issue with the physician.

Charter Changes Suggested.
Two ordinances were passed by the council last night. One authorized changes in the old city charter, and the other refers the changes to the people for their action in the special election.

The changes proposed would eliminate the old 11 mill limit of taxation and make the city charter conform to the state law which provides that any municipal corporation shall not exceed its previous year's expenses by more than six per cent. The new measure, if adopted, will provide one regulation, that of the state, instead of the two limitations of state law and city charter, which are in force at present.

Another change will permit the city to make purchases of materials which cost up to within \$500 without advertising for bids. At present, any purchase of more than \$500 in value must be advertised, and the new regulation is put forward to save advertising costs, it was said last night.

The purchase by the municipality of a dump ground site, which has been under consideration for several weeks, was finally authorized last night. The action followed a caucus by the members of the council. E. W. McComas is owner of the proposed site which is about one-half mile east of the city limits on the reservation road. The offer of Mr. McComas was to lease the property to the city for \$20 a month or to sell it for \$400.

A reservation that the city take proper care of the grounds is made by the seller. Mayor Hartman informed the council. The mayor was authorized to purchase the site.

A petition for the paving of Bluff street was presented to the council. There was also a petition asking for an electric light on East Bluff, between Main and Thompson streets. It was referred to the light committee.

To Fight Increase.
The proposal of the Pacific Power and Light Co. to increase gas rates in the city will not be realized if the council can prevent it. This fact became evident last night when a majority of the members committed themselves to an opposition of the move of the company after Mayor Hartman had declared that the increase would be fought.

"The financial report submitted by the company at the same time the notice of a demand for an increase was served has been examined. It would require an expert, I guess, to understand this report fully, but even to a layman, there are several features which seem to be inconsistent."

STRIKE SITUATION IN OIL FIELDS DEVELOPS RAPIDLY

Feeling Runs Higher Than at Any Time Since Trouble Began Says Union Adviser.

SHERIFF WILL NOT BE ABLE TO COPE WITH CONDITIONS

Truck Load of Alleged Gunmen Entered Associated Oil Company's Lease During Night.

BAKERSFIELD, Calif., Oct. 13.—(U. P.)—The oil strike situation is rapidly developing beyond bounds, Walter Yarrow, union adviser, told the United Press today. Feeling is running higher than at any time, since the strike trouble began. A gun battle is feared tonight.

"Sheriff Newell will not be able to cope with the situation much longer," Yarrow said. A truck load of alleged gunmen entered the Associated Oil Company's lease near here during the night, according to Captain Powell of the strikers' law and order committee, which has been patrolling the highway. "I am going to drop the first man coming my way," George Burton, of the gunmen, told the law and order committee, Powell stated today. "I never miss my shot," Burton said.

TIME BOMB DISCOVERED IN CHICAGO FEDERAL BUILDING THIS MORNING

Chief Detective Receives Letter Threatening Building; Detectives Placed on Guard.

CHICAGO, Oct. 13.—(A. P.)—A time bomb set for 8:30 today was discovered in a sack of mail just in time to prevent a probable wrecking of the Chicago federal building by plotters. Chief Detective Hughes received an Italian letter yesterday threatening the building. One hundred detectives were immediately placed on guard. Following the discovery of the bomb this morning, detectives remained on duty all day to prevent a renewed attempt.

SIMMONS WAGES BITTER FIGHT ON C. A. WRIGHT

WASHINGTON, Oct. 13.—(U. P.)—Colonel William J. Simmons, imperial wizard of the Ku Klux Klan, waged a bitter attack on C. Anderson Wright, a former New York King Kleagle of the Klan when he took the stand again today before the house rules committee deciding whether Simmons held that Wright was trying to "get from under" for issuing a number of bad checks. Wright admitted to the committee that a number of his checks, drawn on the treasury of the Klan, were dishonored.

ARBuckle ENTERS PLEA OF 'NOT GUILTY' TODAY

SAN FRANCISCO, Oct. 13.—(A. P.)—Arbuckle entered a plea of not guilty today to the charge of manslaughter in connection with the death of Virginia Rappe. His trial has been set for November seventh.

DIRIGIBLE IS BLOWN TO SEA; IS TOTAL WRECK

NEWPORT NEWS, Va., Oct. 13.—(A. P.)—A big dirigible from Langley Field, wrecked in Hampton Roads today was blown to sea and will probably be a total loss. Two men jumped as the craft descended almost to the earth before leaving land. The third man aboard was taken off by a harbor tug.

KANSAS MINE WORKERS ARE PLACED UNDER NATIONAL CONTROL

Believed This Drastic Move Will End Kansas Mine Strike Situation Caused by Howat.

WASHINGTON, Oct. 13.—(U. P.)—Through a special order from President John L. Lewis, the United Mine Workers of America, the Kansas miners were removed from the jurisdiction of Alexander Howat, who ordered them out on an "outlaw strike," and placed directly under the national organization. It is believed this drastic move will end the Kansas mine strike situation.

MISS WYLIE TO APPEAR IN COSTUME RECITAL FRIDAY AT LIBRARY

Concert Will be Given Under Auspices of Pendleton's Women Club Tomorrow Night.

Coming as the first of the season's musical attractions, Pendleton people are anticipating the appearance of Miss Mary Wylie, contralto, in a costume recital tomorrow evening at the library auditorium under the auspices of the Pendleton Women's Club. Miss Wylie, who is possessed of a charming voice coupled with a pleasing personality, is an exponent of visualized song. Her songs given in costume are an innovation and have won favorable comment. Mrs. F. E. Boyden, of Pendleton, one of the city's most talented musicians, will be Miss Wylie's accompanist.

The presentation of Miss Wylie here is a part of the Women's Club's program in bringing to Pendleton some of the best artists in the musical world, and members of the club are hoping for the support of local people in the enterprise.

Miss Wylie, who arrived in Pendleton this morning from Portland and who is the guest of her sister, Mrs. S. H. Forshaw, has announced the following program:

Come Again, by Dowland; Pastorale, by Veracini; Rols Epais, by Lully; Chanson des Bailleurs, by Remberg; First Meeting, by Grieg; Spring, by Hindbach; Serenade, by Brahms; At the Well, by Hageman; Blumby, Song, by McFarland; Over the Steppes, by Grotchinnoff; Elfin's Dream, by Wolf; Retreat and To a Messenger, by LaForge; Hebrides and Seguidilla, from Carmen, by Bizet; Carry Me Back to Old Virginia, by Bland; Lind-Lou, by Strickland; and Old Maid's Song, by Brockway, and Creme-Green, by Weckerlin.

UMAPINE SAVED FROM FIRE BY LACK OF WIND

WALLA WALLA, Oct. 13.—Lack of wind saved the little town of Umapine from total destruction from a blaze which started at 12:30 o'clock Wednesday morning in the building owned by the Hudson Bay Hall company and entirely destroyed the grocery store located in the building, managed by W. J. Krumbach and the apartment in the rear in which Mr. Krumbach and his family lived.

A moving picture show brought to Umapine Tuesday evening from Milton is reported to have been the cause of the fire as it was from the corner in which the moving picture machine was stationed that the blaze started and faulty wiring connected with the projector is thought to be the real origin of the fire.

The Williams & Olinger lumber office and shed, located next to the Hudson Bay building, was badly scorched from the fire, which was reported still burning at an early hour Wednesday afternoon. All telephone lines were down but work on their repair was started Wednesday afternoon. Partial insurance covers the loss of the Hudson Bay building which contained the grocery store, the entire stock of which was destroyed, the living rooms in the rear and the community hall on the second floor. No estimate of the damage could be made Wednesday.
